

- 1 Please fill in new user information to give us contact methods and information on how we can assist you. Then select a contact type. If you would like someone to contact you select **I would like someone to contact me about my project**.

The screenshot shows a registration form with the following fields and sections:

- Name ***: Two input fields for "First" (containing "Brett") and "Last" (containing "Coss").
- Company ***: An input field containing "3D Printing Ally".
- Email ***: An input field containing "bcoss@3dprintingally.com".
- Phone ***: An input field containing "6122853221".
- Contact Type**: Two radio button options. The first option, "I would like to upload a file for review and/or a quote", is selected. A red arrow points to this section.
- Verification Code ***: A section with a text input field containing "79VASC" and a CAPTCHA image below it showing "79VASC". A red arrow points to this section.
- Submit**: A blue button at the bottom right. A red arrow points to this button.

- 2 You will receive an email shortly with a link to upload your file. Please note that .stl files are quoted instantly all others require review from our engineers.

Thank You For Your Request!

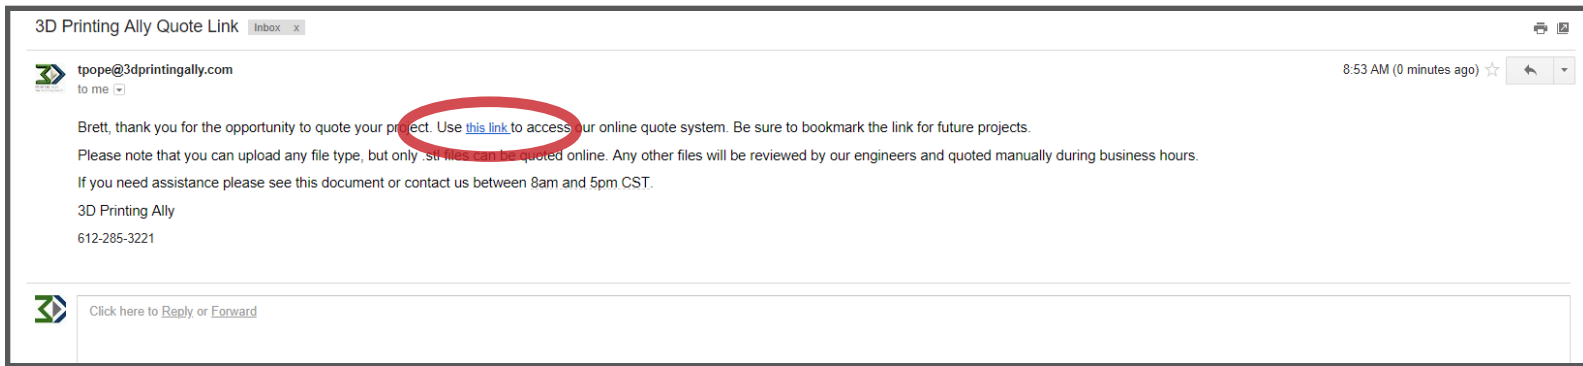

If you chose to upload a file, check your email for a online quote link.

Please note that you can upload any file type, but only .stl files can be quoted online. Any other files will be reviewed by our engineers and quoted manually during business hours. Otherwise someone will contact you shortly.

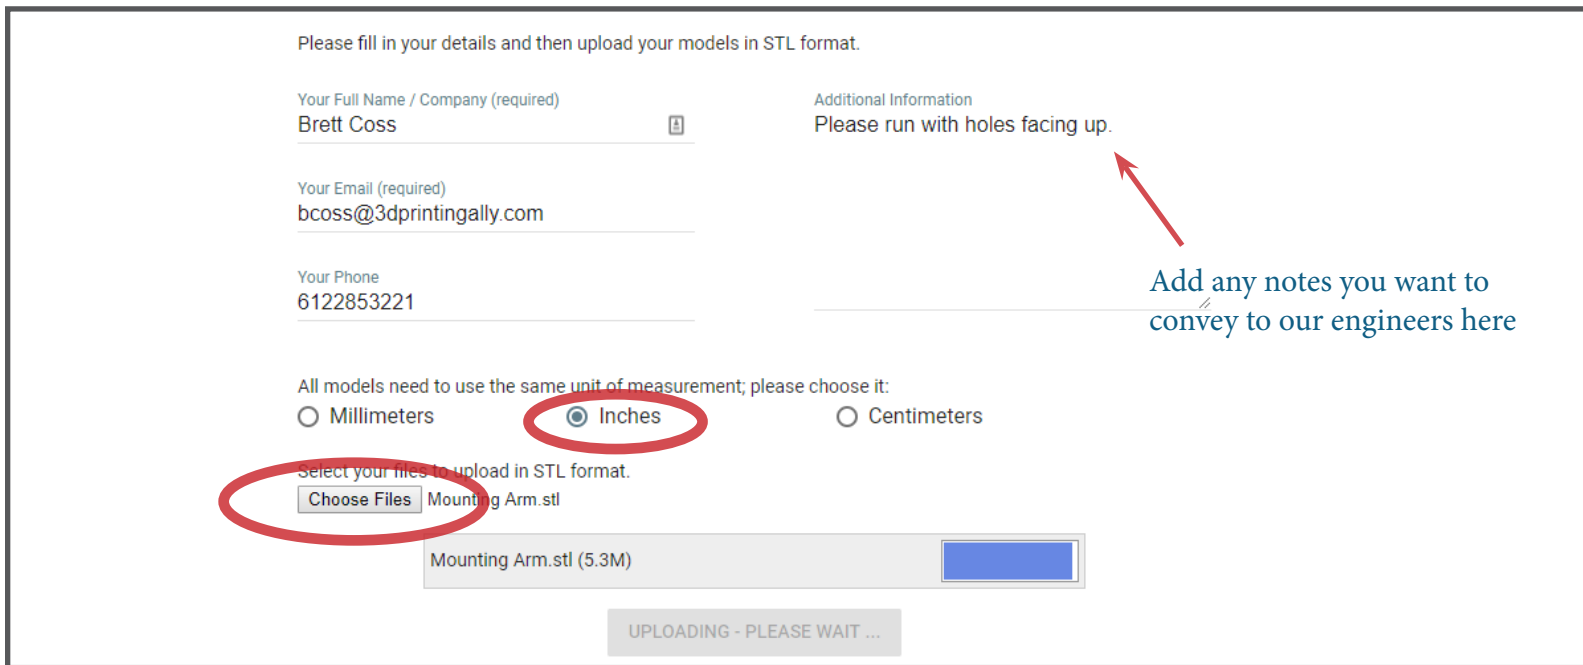

If You Need Immediate Assistance, Call The Following Number.

(612) 285-3221

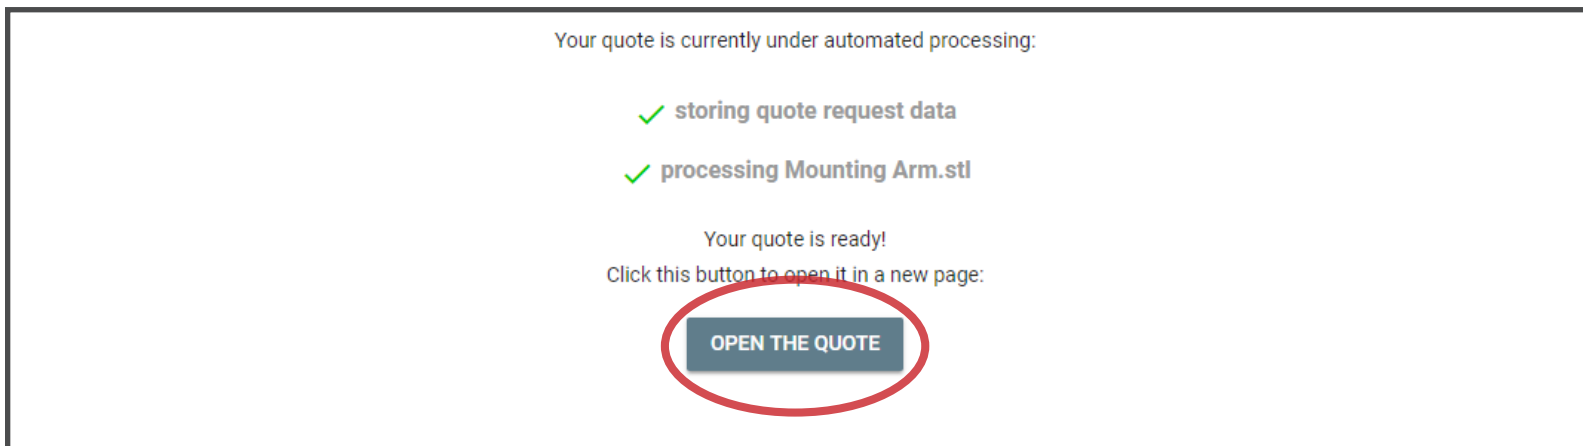

3 When email has been received please click the link to open file uploading and quoting page.

4 Confirm contact information and browse for selected files. Please note that the measurement unit is locked in at the unit selected on this form.

5 Once your file has been processed and request data has been stored you can select **Open Quote**

5 cont.

If a file type other than .stl is uploaded you will receive a incorrect format issue. If this occurs please select [Request Manual Quote](#)

We have found some issues while automatically quoting your uploaded files

By clicking the **remove all issue-generating models** button, the files marked in red will be removed. You will be able to immediately get your quote without the need of manual intervention by 3D Printing Ally staff.

By clicking the **request a manual review** button, 3D Printing Ally staff will manually review this quote and you will be contacted by email when the quote will be ready.

Model	Issue
Mounting Arm.step	Incorrect format - ?

Please provide details regarding this manual review request, such as: reasons, questions, notes or indications you may have

REMOVE ALL ISSUE-GENERATING MODELS OR **REQUEST A MANUAL REVIEW**

Sorry, you cannot solve issues by removing issue-generating models because otherwise your quote would be empty. Please request a manual review or consider starting a new quote request with different files.

6

If an .stl file was uploaded your generated quote will require a shipping address. Please note the shipping and material options as well as a slider for manual review if there are further questions
